Item	Description																																
Display	5" LCD Color Touch Screen																																
Face Capacity	6,000 (1:N)																																
Fingerprint Capacity	10,000																																
RFID Capacity	10,000 (Optional MF)																																
Transaction Capacity	200,000																																
Memory	2G RAM / 16G ROM																																
Communication	RS485, RS232, TCP/IP																																
Power Supply	12V DC, 3A																																
Operating Temperature	0°C – 45°C																																
Operating Humidity	10% – 90%																																
Optional Features	WIFI, MF																																
Accessories	EM Lock + LZ Bracket, Non-Touch Exit Button, CAT6A Cable (500m Drum), PVC & Trunking																																
Services	Installation, Configuration & Testing
